

I love you ♥

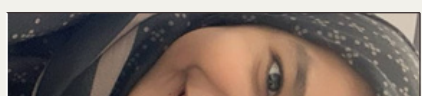

To My Dearest Sayang, Nur
Hidayah,

From the depths of my heart, I write this letter to you, my love, my bucu, my patootie, my soulmate, my beloved treasure. Words may never be enough to fully express how much I love you, but I want you to know that my heart belongs to you entirely. I love you more than I love myself, more than anything in this world. You are the light in my darkest moments, the warmth in my coldest nights, the joy in every breath I take.

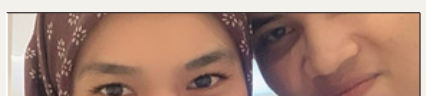

Sayang, I want to sincerely apologize if I have ever hurt you in any way. Please believe me when I say it was never my intention. I never want to be the cause of your tears. All I want is for you to feel safe, at peace, and deeply loved when you're with me. You are too precious to be hurt, especially by the person who cherishes you most.

Every single day, I thank God for you. I am so grateful to have you in my life. Your presence makes the world brighter, your voice calms my soul, and your love gives my life meaning. You are the blessing I never thought I deserved, and yet here you are, showing me the most beautiful kind of love.

I want to share my vision with you.
I see you as my wife. I see a home
filled with laughter, soft
conversations at night, morning
coffees together, and dreams built
hand in hand. If I had ten lives, a
hundred, or even more, I would
choose you in every single one. You
are my forever choice, in this life
and all others. Nothing and no one
could change that. I will always
choose you, more than anything,
more than anyone.

I fell in love with you the moment
you called me "Amsyar." That one
word from your lips wrapped
around my soul and made my
heart yours. From that moment on,
I knew my life would never be the
same, because it was meant to be
lived beside you.

And as time moves forward, no matter what comes our way, I promise to love you like I did on January 30th, 2025. That date will forever be etched in my heart as a symbol of my unwavering love for you. My love for you will never fade. It will only grow stronger, deeper, and more beautiful with each passing day.

You are my everything, my forever, my always. Thank you for loving me, for trusting me, for being mine.

With all my love,
Amsyar Hamizan
