

For You

Dear Nur Hidayah,

Today, my heart feels heavy because I realize I have been so busy, and maybe I have not given you the time and attention you truly deserve. Please forgive me, Sayang. It was never my intention to make you feel less loved. No matter how many tasks fill my days, know that you are always the first and last thought in my heart.

Every time I close my eyes, I only wish for one thing – to keep you by my side, for life and beyond. If I could, I would hold your hand forever, shielding you from every sadness, embracing you through every joy. You are my most precious treasure, and all I ever want is to build a life where you feel safe, loved, and truly happy with me.

I promise you, even in the busiest seasons, my love for you will never be forgotten. I am working hard not just for myself, but for the future I dream to share with you. I wish to keep you, to love you, and to choose you every day until my very last breath.

Yours Sincerely,
Amsyar Hamizan
